

Report Friends of Longworth Church for Annual Parish Meeting 9<sup>th</sup> May 2018

The annual fireworks in November 2017 were a great success and were attended by over 800 people. The event was much enjoyed and raised a record sum for the Friends of Longworth Church.

The music in the garden event last summer was also well supported. Our thanks to all who attended.

The finances of the Friends are healthy and we are intending to make a meaningful contribution to the Bells project, when work resumes after the Rector's return from maternity.

The quinquennial report fortunately did not identify any major urgent works, but like all old buildings there is a constant need for repairs both minor and less minor.

This year's fireworks will take place on 3rd November at the Little White House in Church Lane. Please put the date in your diary: we look forward to seeing you there. "
